Watch for Vantria on NBC Channel 4!

News Channel 4 is sponsoring a great advertising opportunity for area Credit Unions. Vantria and many other leading Credit Unions launched an ad campaign the first week of January. We're sharing the basic ad message then putting our individual logos and contact data on our share of the spots. NBC 4 also has a special Web section featuring the credit unions. This is an outstanding opportunity to let disenchanting bank customers know Credit Unions are a better choice for a primary financial services provider.
